

# Portland Press R&P workflow for authors and librarians

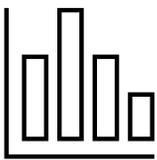

Author submits their paper to any [Portland Press](#) journal

Author validates their institutional affiliation during submission and is immediately told if they are eligible to publish under an R&P agreement

R&P article is automatically published open access upon acceptance without the need for any additional payment or funding approval

Librarians can log in to their [RightsLink institutional portal](#) and see all R&P papers at a glance

## Portland Press R&P workflow for authors

Authors can [submit their work to any Portland Press journal](#).

### Submit Your Work

Portland Press welcomes submission of research and review articles in all areas of the molecular biosciences.

Find the journal that best fits the scope of your work and submit your paper for consideration.

Scope  
Editorial Board  
[Submit your work](#)

Review articles in the above journals are often invited, but the Editorial Board welcomes non-invited content for consideration.

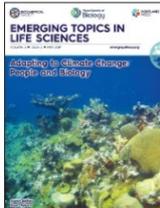

In addition to the journals above, Portland Press also publishes several journals where content is fully commissioned and invited for submission.

### Author Information

Please enter the information below. Required fields are marked with an asterisk (\*)  
Portland Press endorses the Vancouver Guidelines on authorship as defined in the [ICMJE Recommendations for the Conduct, Reporting, Editing and Publication of Scholarly Work in Medical Journals](#), and detailed in the [Portland Press Editorial Policy](#). All contributors who do not meet the criteria for authorship should be listed in the Acknowledgements.  
**IMPORTANT: Please ensure that the data (including names and affiliations) provided for each author are accurate and consistent as these data will be used to generate the PubMed record for the article should it be accepted.**

Total number of authors on the manuscript:    
Please enter the number of authors (corresponding and co-authors).

ORCID is mandated for the corresponding author of revised submissions. If the profile of the corresponding author is missing an ORCID, click edit to add this.

Author #	Corr Author	Name	Email	Organization
1	<input checked="" type="checkbox"/>	Person Title: <input type="text" value="Professor"/>	* Name: <input type="text" value=""/> <small>First Middle Last</small>	Degree: <input type="text"/> * Email: <input type="text"/> ORCID: N/A * Organization: None Selected <input type="button" value="Copy Address from Author"/>

↓

This brings up a new window where authors can search for their institution. Note that this pop-up window will be replaced with a type-ahead drop-down menu in the near future making it easier for authors to find and validate their affiliation.

Total number of authors on the manuscript: 1 Update

### Search for Organizations

Please use the search below to find an exact match if possible, then select it and press Save to validate your institution. Pressing Save without selecting an institution will use the institution name as entered. Pressing Cancel will return you to the form without making any changes.

Institution: University of Oxford Search

- University of Oxford (Oxford, England, Oxfordshire, GB)
- University of Oxford Bodleian Japanese Library (Oxford, England, Oxfordshire, GB)
- University of Oxford - Old Road Campus (Oxford, England, Oxfordshire, GB)
- University of Oxford African Studies Centre (Oxford, England, Oxfordshire, GB)
- University of Oxford All Souls College (Oxford, England, Oxfordshire, GB)
- University of Oxford Balliol College (Oxford, England, Oxfordshire, GB)
- University of Oxford Big Data Institute (Oxford, England, Oxfordshire, GB)
- University of Oxford Biological Anthropology Research Network (Oxford, England, Oxfordshire, GB)
- University of Oxford Blackfriars (Oxford, England, Oxfordshire, GB)
- University of Oxford Blavatnik School of Government (Oxford, England, Oxfordshire, GB)

Save Cancel / Close

Selecting the correct institution and clicking *Save* will validate the affiliation and a green tick will appear on the right-hand side.

\* Organization: University of Oxford ✔ [Edit Institution](#)

Once the author progresses to the *Detailed Information* tab of the submission form the system will check the author's affiliation against the list of institutional agreements in RightsLink. If the institution holds an active R&P agreement with Portland Press the author will be made aware of this immediately.

### Detailed Information

**\* Conflict of Interest Statement**

Authors are responsible for recognizing and disclosing any conflict of interest that could be perceived to bias their work, acknowledging all financial support and any other personal connections of relevance.

No, there is no conflict of interest that I should disclose, having read the above statement.

Yes, having read the above statement, there is potential conflict of interest. This has been fully detailed in the box below.

**\* Open Access and Licensing Options**

We have identified that University of Oxford is participating in an all-inclusive Read & Publish agreement with Portland Press and the Biochemical Society which enables full payment of open access charges. If your manuscript is accepted for publication, so long as your acceptance occurs before 2021-12-31, a funding request (if applicable) will be automatically submitted to University of Oxford on your behalf. If you do not wish to publish Open Access by participating in this all-inclusive Read & Publish agreement please contact [editorial@portlandpress.com](mailto:editorial@portlandpress.com).

During subsequent revisions our editorial system will keep checking and notify the author of any changes to their eligibility (e.g. if the initial R&P agreement expired or a new institution signed up and an author's paper thus became eligible during the review/revision process). Where an agreement mandates that authors publish under a specific license type this will automatically be presented to them during revision.
